About TTC Consulting

Concept to Inception

TTC Consulting supports organisations across health, community and government sectors to move from concept to inception. We work at the intersection of strategy, funding and implementation ensuring ideas are not only well designed, but delivered effectively and sustainably.

With a background in mental health, clinical governance and leadership, TTC Consulting brings a practical, real-world approach to complex challenges. We understand the realities organisations face, from funding pressures to workforce demands, and provide clear, structured support to navigate them.

Our work is grounded in experience, not theory supporting organisations to secure funding, develop programs and strengthen service delivery with confidence.

What we do

-  Grant writing and funding strategy
-  Program design and project development
-  Strategic Advisory
-  Training and facilitation
-  Research and policy support

Our Approach

-  **Understand** your organisation, concept, context and challenges
-  **Plan** a clear and tailored approach
-  **Deliver** working together to implement on time and to budget
-  **Support** ensuring outcomes are sustainable

TTC Consulting works alongside organisations as a trusted partner, providing clarity, structure and practical support where it matters most

Concept to Inception

WHAT IT MEANS

At TTC Consulting, Concept to Inception represents more than a process - it reflects how we work alongside individuals and organisations to turn ideas into real, sustainable outcomes. We support organisations at every stage of their journey. We are here from the early concept of an idea, through planning, funding and design, to implementation and delivery.

Our focus is on ensuring ideas are not only well developed, but successfully brought to life in a way that is practical, achievable and impactful.

TIME TO CHANGE

TTC stands for **Time to Change** a reflection of our commitment to supporting meaningful, positive change across organisations, systems and communities.

We work with organisations ready to:

- Navigate change with clarity and confidence
 - Strengthen and improve service delivery
 - Evolve practices to better meet community needs
 - Move beyond uncertainty and into action
-

OUR APPROACH

We understand that change can be complex and, at times, challenging. That's why we provide structured, practical support to guide organisations through change ensuring it is well planned, well implemented and sustainable over time.

At TTC Consulting, change is not just about ideas - it's about outcomes.

We work alongside you to move from concept to inception with clarity, structure and confidence.

Our Services

TTC Consulting offers a range of services to support organisations at every stage of their journey. From the initial concept through to securing funding, building capacity and strengthening service delivery, we provide practical, tailored support that delivers real outcomes.

GRANT WRITING AND FUNDING STRATEGY

We help you identify the right opportunities, craft compelling applications and develop funding strategies that align with your goals and maximise chances of success.

PROGRAM DESIGN AND PROJECT DEVELOPMENT

We work collaboratively to co-design evidence-informed programs and projects that are practical, achievable and aligned with community needs and organisational objectives ensuring solutions are grounded, relevant and deliverable.

STRATEGIC ADVISORY

We provide strategic advice to help you navigate complex challenges, strengthen organisational performance and plan for sustainable growth.

TRAINING AND FACILITATION

We design and deliver tailored training and facilitate workshops that build capability, strengthen teams and support organisational development, ensuring alignment with accreditation requirements and industry standards.

RESEARCH AND POLICY SUPPORT

We undertake research, literature reviews and policy analysis to inform decision-making, strengthen practice and support advocacy and sector development.

We partner with you to deliver tailored, practical solutions aligned to your goals focused on outcomes that create meaningful, lasting impact for your organisation and the communities you serve.

Who we work with

TTC Consulting works with organisations and leaders across health, corporate and industry organisations, community and government sectors to define clear, practical and outcome-focused support. We understand the complexities organisations face, from funding and workforce pressures to service delivery and growth. Our approach is grounded in experience, providing structured, tailored support to navigate these challenges with clarity and confidence.

COMMUNITY & NOT FOR PROFIT ORGANISATIONS

We support organisations delivering services across community, health & social sectors strengthening programs, securing funding and building sustainable service models.

HEALTH & MENTAL HEALTH SERVICES

With a background in mental health and clinical governance, TTC Consulting works alongside services to support program development, workforce capability, trauma informed practices and improved service delivery.

CORPORATE & INDUSTRY ORGANISATIONS

We partner with corporate and industry organisations to deliver tailored training, build capability and strengthen performance where it matters most — health, wellbeing and community impact.

GOVERNMENT & FUNDED ORGANISATIONS

We work with government and funded organisations to support program design, funding alignment, reporting and strategic initiatives that deliver measurable outcomes.

LEADERS, TEAMS & INDIVIDUALS

We support leaders, teams & individuals navigating growth, change alongside career progression providing practical guidance, structured support and confidence.

We partner with you to deliver tailored, practical solutions aligned to your goals focused on outcomes that create meaningful, lasting impact for your organisation and the communities you serve.

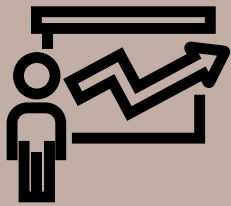

CASE STUDY

Heart Hub - Program Development & Funding

Supporting the development of a structured, fundable service model for trauma and grief support

Overview

TTC Consulting partnered with a regional organisation to develop a service model supporting individuals and families impacted after a road trauma or crash

The Challenge

The organisation had secured initial funding but required a structured, scalable model to guide capacity building, strengthen future funding applications and ensure long-term sustainability.

Our Approach

- Developed a comprehensive service model aligned with community needs
- Designed clear program pathways and service delivery structure
- Embedded trauma-informed principles throughout the model
- Strengthened funding strategy and reporting framework

The Outcome

- A clear, structured and fundable service model
- Strengthened positioning for future funding opportunities
- Improved ability to demonstrate impact and measurable outcomes

Value / Impact

Supporting the transition from concept to a deliverable, sustainable service model, strengthening long-term community impact and ensuring the program can continue to grow and support those who need it most.

Radiance South West — Accreditation & Governance Strengthening

Supporting an organisation to strengthen governance systems and prepare for accreditation against national mental health standards.

Overview

TTC Consulting partnered with Radiance South West to support the review and strengthening of organisational systems in preparation for accreditation against the National Safety and Quality Mental Health Standards.

The Challenge

The organisation required support to identify gaps and strengthen systems and processes to meet national standards transitioning from informal practices to structured, compliant systems while strengthening future funding opportunities.

Our Approach

- Conducted a comprehensive review against accreditation standards
- Developed a structured tracking and evidence framework
- Identified gaps and prioritised key actions
- Strengthened policies, procedures and governance documentation
- Supported staff understanding of compliance requirements

The Outcome

- Improved alignment with national accreditation standards
- Clear structure for evidence collection and compliance tracking
- Strengthened governance systems and documentation
- Increased organisational confidence in accreditation readiness

Value / Impact

Supporting the organisation to move from informal practice to structured, compliant systems — strengthening governance, improving service quality and positioning the organisation for successful accreditation.

Why TTC Consulting

TTC Consulting provides practical, experience-driven support to organisations navigating complexity, growth and change. We work alongside you to deliver outcomes that are clear, achievable and sustainable.

Real-World Experience

Grounded in experience across health, mental health and governance — not theory, with a focus on delivering practical, real-world solutions that are achievable and sustainable.

From Concept to Inception

We don't just design ideas we support you to implement, deliver and sustain them.

Tailored, Practical Approach

We provide strategic advice to help you navigate complex challenges, strengthen organisational performance and plan for sustainable growth.

Outcome-Focused

We focus on clear, measurable outcomes that create meaningful, lasting impact.

Genuine Commitment

We genuinely care about the people and communities behind every project, ensuring outcomes are not only effective but meaningful and lasting.

Supporting organisations to move from concept to inception with clarity, structure and confidence.

Work With Us

If you are looking for clear, practical and outcome-focused support, TTC Consulting is here to help. Whether you are developing an idea, seeking funding, designing or implementing a program, strengthening governance, building capability through training or navigating growth and change - we work alongside you every step of the way.

We partner with organisations and leaders to deliver structured, tailored solutions that bring ideas to life and create meaningful, lasting impact - *from concept to inception*.
